

2nd Steering-Group-Meeting
at Klaipeda Sendvario Progymnazija
11-13.1.2017

1) Progress in Stop-Climate Change work

- It was decided to make a Newsletter on Stop Climate change-work at the 7 partner-schools.
Deadline for input: 7th in each month. Newsletter issued at 21st each month.
- It was also decided to make a 5-10 minutes video presentation from each partner in English on local Stop Climate Change work.
Deadline 18th April:

Suggestions:

- Joint cross-border “Stop Climate Changes” week
- “Carbon Foot-Prints” project in Wejherowo, Reda & Gdansk coordinated by Monica – other partners are welcome to connect to this.
- Wejherowo & Reda school-debate on climate-changes in April incl. other schools
- GBS-week on Stop Climate Changes in March-April
- Plant a tree

2) Exchanges in May & September: Can one September-camp be based in a LT-school?

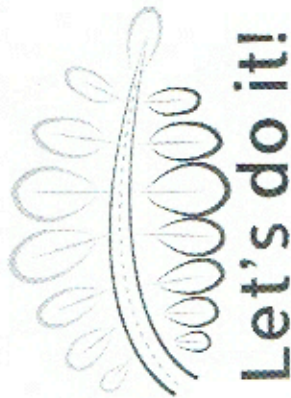

Sendvario has new shower-rooms and the canteen will be interested in catering as it is a private company.

Absolut minimum room-need for a camp at a school is (if participants pack things together in the morning):

- One room for storing luggage in the morning
- One gym for full-group exercises and dance-workshop
- 2 classrooms for other workshops
- Minimum model has students sleeping in classrooms and packing stuff together in the morning.
- Sendvario will have 30 students participating in exchanges in Sept. 17
- Sendvario has 2 new showers for girls and 2 for boys.
